

Windows®. Life without Walls™. Panasonic recommends Windows 7.

THE TOUGHBOOK H1 FIELD

The industry's most rugged handheld tablet PC.

In your world, getting the job done means being on the move. The new rugged Panasonic Toughbook® H1 Field handheld tablet PC is the ultimate productivity tool for mobile workers. With superior ergonomics, a 10.4" sunlight-viewable screen and sealed all-weather design, the H1 Field lets you work virtually anywhere. Designed with a magnesium alloy internal frame, the IP65 and MIL-STD-810G¹ certified Toughbook H1 Field delivers a complete range of integrated wireless features including Wi-Fi, Bluetooth® and optional Gobi™2000 mobile broadband. Add to that fast charging hot-swappable twin batteries for maximum uptime, optional integrated GPS and SmartCard reader, and you've got a handheld tablet PC that is unmatched in the field.

IP65
